

Recommend You Do

- Install all of the updates from Microsoft
- Run Disk Cleanup
- Delete Browsing history
- Scan the computer with your antivirus program
- Scan the computer with your malware detection and removal program
- Use CCleaner and run both Cleaner and Registry
- Consider running Disk Defragmenter (also called Optimize Drives)
- Plan on two to three hours

UPGRADING TO WINDOWS 10

The screenshot shows the Windows Update control panel window. The title bar reads "Windows Update". The address bar shows the path: "Control Panel > System and Security > Windows Update". The main content area features a large blue box with the Windows logo and the text "Upgrade to Windows 10". Below this, it says "Start installing the newest version of Windows now." and "2,712.6 MB". A "Get started" button is located at the bottom right of this box. To the left of the main content, there is a sidebar with links: "Control Panel Home", "Check for updates", "Change settings", "View update history", and "Restore hidden updates". Below the main content, there is a section for update history with the following text: "Most recent check for updates: Today at 11:20 AM", "Updates were installed: Yesterday at 11:16 PM.", and "You receive updates: For Windows and other products from Microsoft Update". At the bottom left, there are links for "See also", "Installed Updates", and "Add features to Windows 8.1". The taskbar at the bottom shows the Start button, several application icons, and the System and Security and Windows Update icons. The system tray on the right shows the time as 11:32 AM on 7/29/2015.

UPGRADING TO WINDOWS 10

The screenshot shows the Windows Update control panel window. The title bar reads "Windows Update". The breadcrumb navigation shows "Control Panel > System and Security > Windows Update". The left sidebar contains the following links: "Control Panel Home", "Check for updates", "Change settings", "View update history", and "Restore hidden updates". The main content area features a large "Upgrade to Windows 10" offer with a blue Windows logo, the text "Start installing the newest version of Windows now.", and "2,712.6 MB". A "Get started" button is positioned to the right of the offer, with a mouse cursor hovering over it. Below the offer is a link for "Show all available updates". Further down, update status information is displayed: "Most recent check for updates: Today at 11:20 AM", "Updates were installed: Yesterday at 11:16 PM.", and "You receive updates: For Windows and other products from Microsoft Update". At the bottom left, there are links for "See also", "Installed Updates", and "Add features to Windows 8.1". The taskbar at the bottom shows the Start button, a power button, and several application icons including File Explorer, Mail, and the Windows Update application. The system tray on the right shows the date and time as "11:33 AM 7/29/2015".

UPGRADING TO WINDOWS 10

The screenshot shows the Windows Update control panel window. The title bar reads "Windows Update". The address bar shows the path: "Control Panel > System and Security > Windows Update". The main content area displays a progress bar for "Downloading Windows 10" which is approximately 75% full. Below the progress bar, it says "Checking requirements...". A "Stop download" button is visible and highlighted with a mouse cursor. On the left side, there is a navigation pane with links: "Control Panel Home", "Check for updates", "Change settings", "View update history", and "Restore hidden updates". Below the progress bar, there is a summary of update activity:

- Most recent check for updates: Today at 11:20 AM
- Updates were installed: Yesterday at 11:16 PM.
- You receive updates: For Windows and other products from Microsoft Update

At the bottom left, there are links for "See also", "Installed Updates", and "Add features to Windows 8.1". The taskbar at the bottom shows the Start button, several application icons, and the System and Security/Windows Update taskbar buttons. The system tray on the right shows the time and date: "11:33 AM 7/29/2015".

UPGRADING TO WINDOWS 10

The screenshot shows the Windows Update control panel window. The title bar reads 'Windows Update'. The address bar shows the path: 'Control Panel > System and Security > Windows Update'. The main content area displays a progress bar for 'Downloading Windows 10' which is nearly full. Below the progress bar, it says 'Preparing for installation...'. A 'Stop download' button is visible. Below this, it shows update history: 'Most recent check for updates: Today at 11:20 AM', 'Updates were installed: Today at 11:34 AM.', and 'You receive updates: For Windows and other products from Microsoft Update'. The taskbar at the bottom shows the Start button, several application icons, and the System and Security/Windows Update taskbar icons. The system tray shows the time as 11:49 AM on 7/29/2015.

The screenshot shows the Windows Update control panel window. The title bar reads "Windows Update". The address bar shows the path: "Control Panel > System and Security > Windows Update". The main content area displays "Downloading Windows 10" with a progress bar and "Preparing for install". A modal dialog box is open in the foreground with the title "Windows Update". The dialog contains the following text:

Great, we'll get the upgrade started

First, here's some important stuff:

Last updated July 2015 ^

MICROSOFT SOFTWARE LICENSE TERMS

WINDOWS OPERATING SYSTEM

IF YOU LIVE IN (OR IF YOUR PRINCIPAL PLACE OF BUSINESS IS IN) THE UNITED STATES, PLEASE READ THE BINDING ARBITRATION CLAUSE AND CLASS ACTION WAIVER IN SECTION 10. IT AFFECTS HOW DISPUTES ARE RESOLVED.

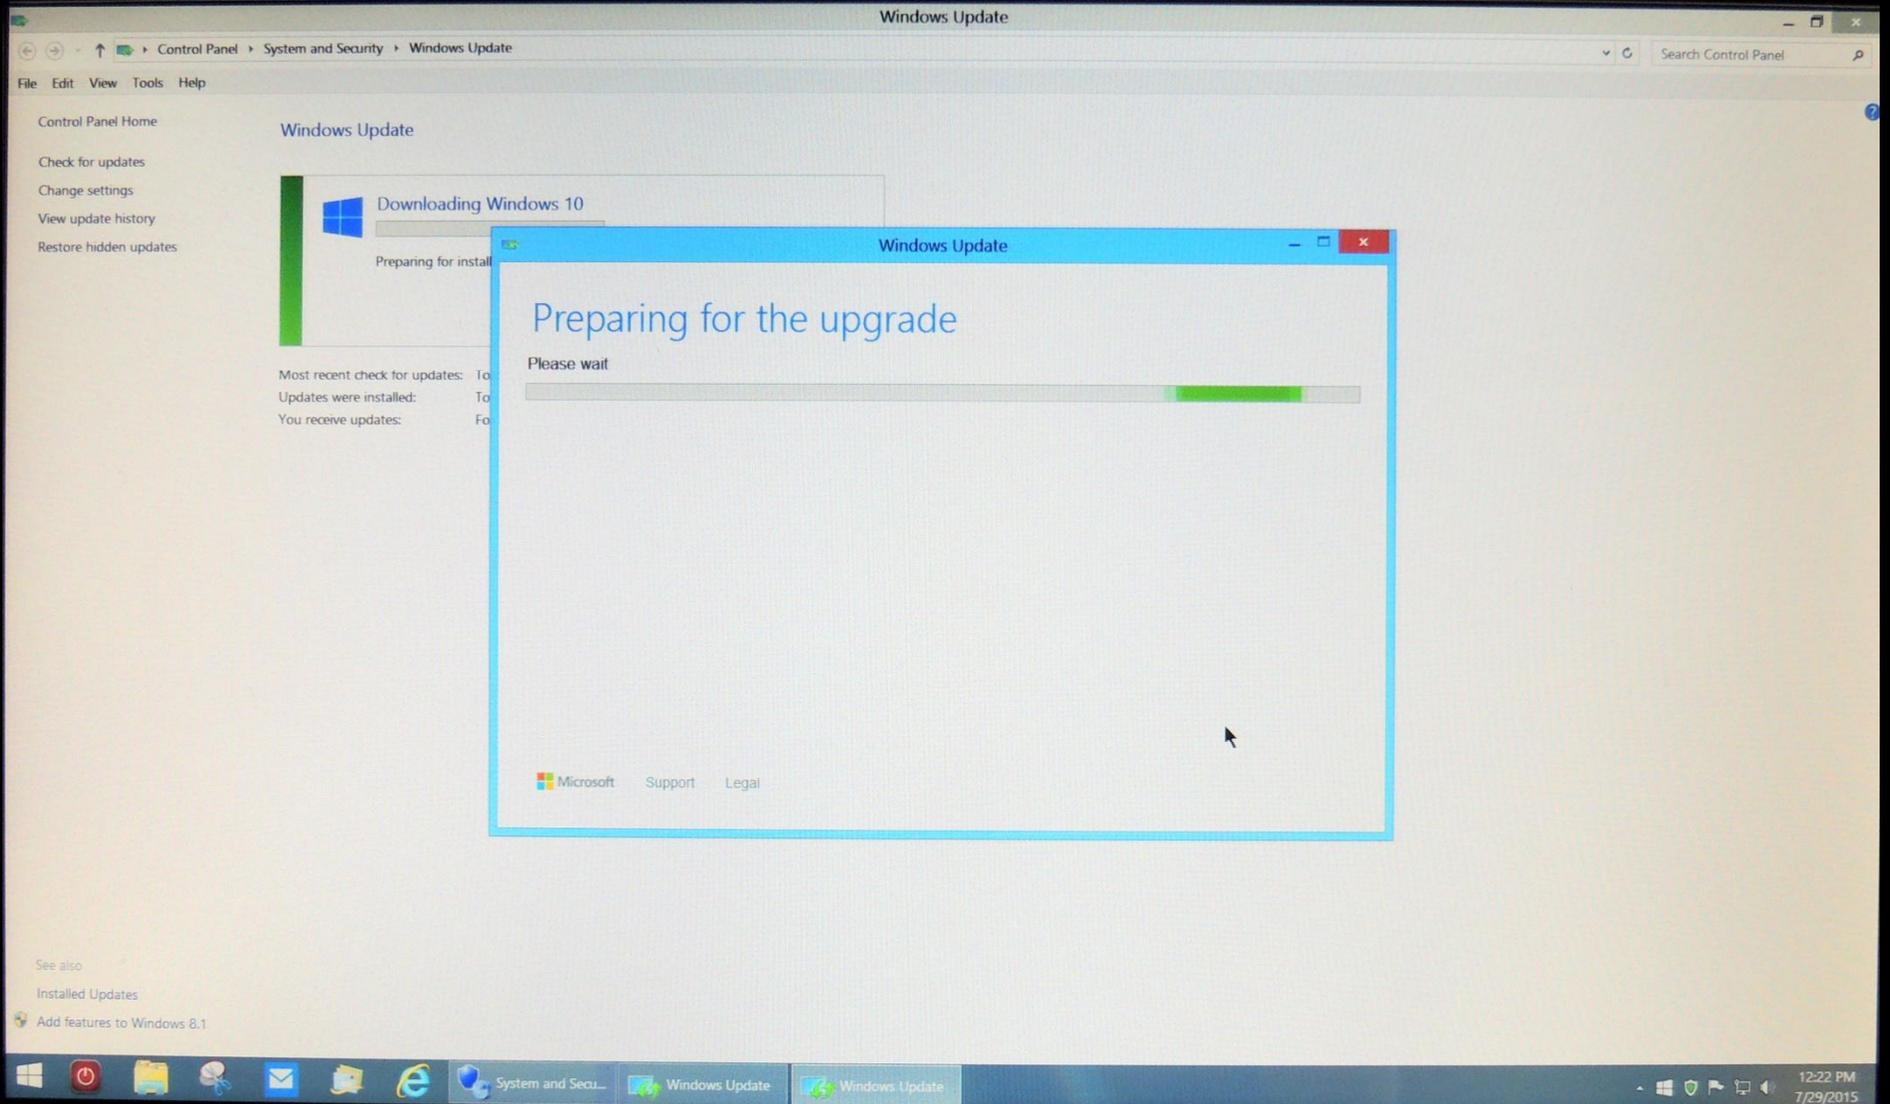

Thank you for choosing Microsoft!

INSTALLATION INFORMATION: Some Windows 10 features require advanced hardware; some existing features have been modified or removed; Windows 10 is automatically updated during the support period; support may vary by device.
[More information](#)

At the bottom of the dialog are two buttons: "Decline" and "Accept". A mouse cursor is pointing at the "Accept" button. At the bottom left of the dialog is the Microsoft logo and links for "Support" and "Legal".

The taskbar at the bottom shows the Start button, taskbar icons for System and Security, Windows Update, and another Windows Update instance. The system tray on the right shows the time as 12:22 PM and the date as 7/29/2015.

Get going fast

Change these at any time. Select Use Express settings to:

Personalize your speech, typing, and inking input by sending contacts and calendar details, along with other associated input data to Microsoft. Let Microsoft use that info to improve the suggestion and recognition platforms.

Let Windows and apps request your location, including location history, and use your advertising ID to personalize your experiences. Send Microsoft and trusted partners some location data to improve location services.

Help protect you from malicious web content and use page prediction to improve reading, speed up browsing, and make your overall experience better in Windows browsers. Your browsing data will be sent to Microsoft.

Automatically connect to suggested open hotspots and shared networks. Not all networks are secure.

Send error and diagnostic information to Microsoft.

Do Not Track is off, but you can turn it on in browser settings.

New apps for the new Windows

These apps don't just come with Windows 10, they were built for it. Better yet, they'll work as beautifully on your phone and tablet as they will on your PC. Click Next to use them to open files and websites.

Photos

Photos and videos from all your devices are automatically organized into albums, enhanced to look their best, and ready to share.

Music

Play and manage your music collection on your PC, phone, and Xbox. Want more? Subscribe and get unlimited listening to millions of tracks (where available).

Microsoft Edge

The web at its best. Take notes directly on pages, find things faster, and read distraction-free with Microsoft's new browser.

Movies & TV

Rent and buy the latest movies & TV shows and watch them in high definition (where available). It plays all your personal videos, too.

Upgrading to Windows 10

Setting up your apps, this wont take long

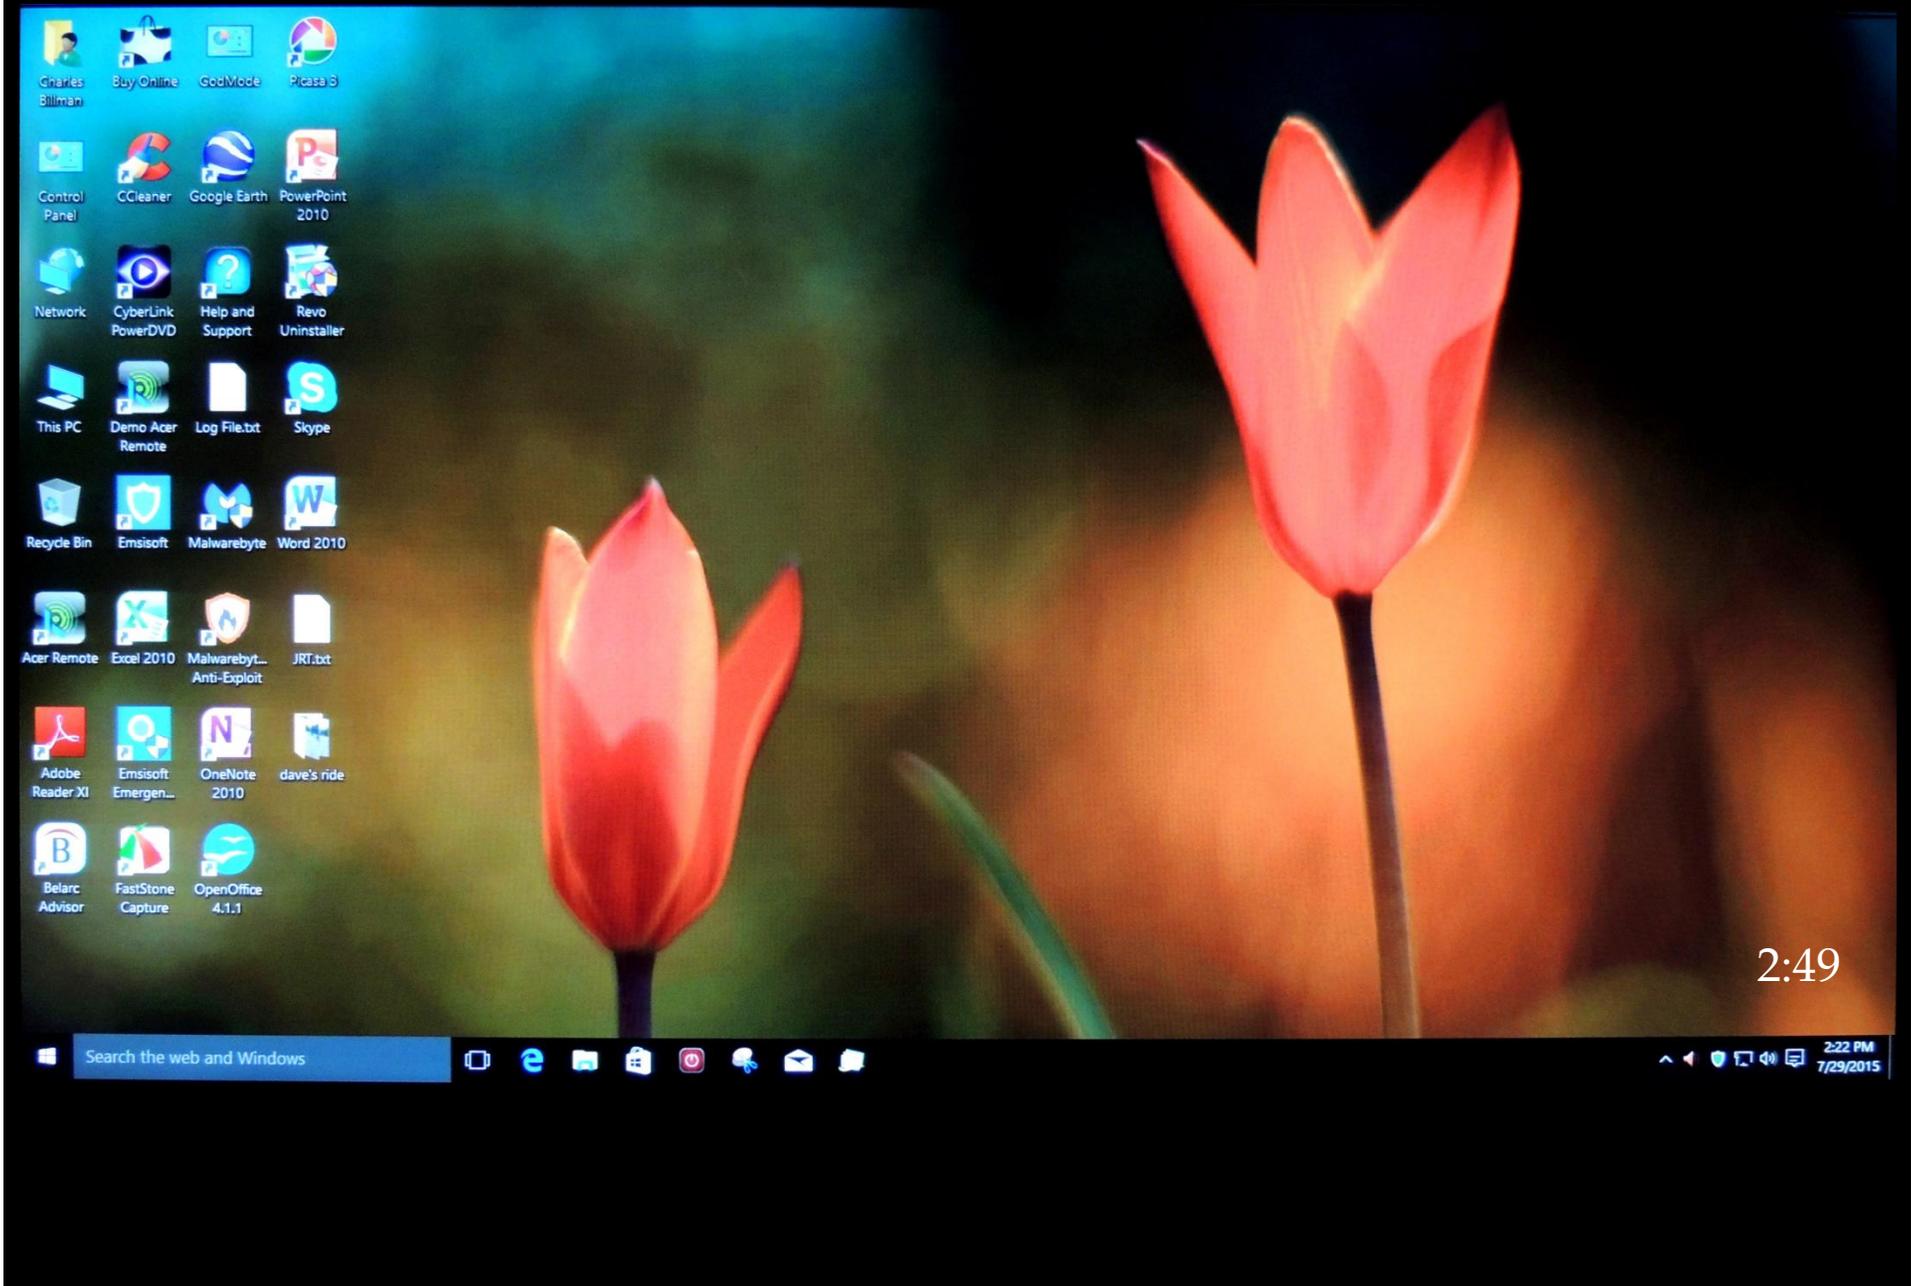

Taking care of a few things

Just a few more tweaks

It's taking a bit longer than usual, but it should
be ready soon

Let's start
